How to use projectors via Lan connection

(Requires devices to have wireless connection):

Download application from: <https://www.nec-display.com/dl/en/soft/multipresenter/index.html>

This applications works with Windows, Mac, Android Devices.

Import a list of Broida Projectors:

<https://drive.google.com/open?id=1txOoZqASqGt9TeymLErXkqjkqdp-mde>

After install the software, click on "Connection" -> "Select" -> "Edit Connection List" -> Edit/Import/Export -> Import -> BroidaProjectorsxxxx.ncp

Target Device

Connection Control

Cancel PIN code Select Favorite History

+ Search by IP Address

🔍 Edit Connection List
