

# Physics 3L Lab Schedule

## Fall 2019

### How to know what group you're in & which lab to attend:

1. Log in to Gold and go to your physics 3L class.
2. Look at the **room number** for the class.
3. If your room number ends in "Y", you are in the "Y" group; "B", you are in the "B" group. At present, there is no letter for the "G" group.
  - a. *E.g.*, if your room number is "3332Y", you are in the "Y" group. If it is "2334B", you are in the "B" group. Group "G" meets in room 3324.
4. Once you know your group, scroll down on this document to your group and follow that schedule for the **entire quarter**. *I.e.*, once in group "G", always in group "G".
5. Note that all rooms are in Broida Hall.
