

PHYSICS 6C LAB

ROOM T942-1020 FALL 2021

ON-LINE LAB WEEK (See below)	SEP. 27-OCT. 1
OPTICS I (Reflection & Refraction)	OCT. 4-8 (A) OCT. 11-15 (B)
OPTICS II (Lenses & Optical Devices)	OCT. 18-22 (A) OCT. 25-29 (B)
WAVE OPTICS (Interference and Diffraction)	NOV. 1-5 (A) NOV. 8-12 (B)
NUCLEAR SCIENCE	NOV. 15-19 (A) NOV. 22-26 (B)

Makeups are completed on the last day of the quarter. Makeup day is Friday, Dec. 3. You must first be eligible to take a makeup. Your TA will have details.

Physics Department Lab Policies

To receive a passing grade, you must complete ALL labs.

One *day* is reserved to allow an opportunity to make up a missed lab. To be eligible to take a make-up lab, you must provide a written verifiable medical, athletic, or religious excuse, which you may use for only one experiment per quarter. You must present this excuse to your TA prior to the make-up day.

Careful and neat documentation is an important part of carrying out and reporting lab work and it will affect the scores on lab reports.

FAQs

Q: When do labs start?

A: Labs start the first *full* week of the session.

Q: When do I do my first LAB?

A: The first lab is on line. You can find the assignment and more information on GauchoSpace. Keep an eye on your email for more details from your TA.

Q: How do I know what lab section I attend?

A: Look at your class schedule. You will find something like T942-1020A for your lab room. This means you are in section “A.” Similarly, if your room is T942-1020B, you are in the “B” section.

Q: I am confused about the first lab schedule. When do I show up?

A: You do not show up to the lab. The first lab is on line.

Finally, this plan is for the *first week only*. The second week begins the “normal” two-week cycle with the “A” sections doing the lab in the first week of the two-week cycle, followed by the “B” sections for the second week of the two-week cycle.
