*Friday, June 9 will be reserved as a make-up day. You must be eligible to take a makeup. (Please see below.)

Physics Department Lab Policies

To receive a passing grade, you must complete ALL labs.

One *day* is reserved to allow an opportunity to make up a missed lab. To be eligible to take a make-up lab, you must provide a written verifiable medical, athletic or religious excuse, which you may use for only one experiment per quarter. You must present this excuse to your TA prior to the make-up day.

Careful and neat documentation is an important part of carrying out and reporting lab work and it will affect the scores on lab reports.

FAQs

Q: When do labs start?

A: Labs start the first week of the session.

Q: When do I do my first lab?

A: The first lab is on line. You can find the assignment and more information on GauchoSpace. Keep an eye on your e-mail for details from your TA.

Q: How do I know what lab section I attend?

A: Look at your class schedule. You will find something like T942-1010A for your lab room. This means you are in section "A." Similarly, if your room is T942-1010B, you are in the "B" section.

Q: I am confused about the first lab. When do I show up?

A: You do not show up for the first lab. The first lab is on line.

The second week begins the "normal" two-week cycle with the "A" sections doing the lab in the first week of the two-week cycle, followed by the "B" sections for the second week of the two-week cycle.
