

# PHYSICS 6A LAB

BLDG. 942 ROOM 1010 WINTER 2019

LAB MATH	JAN. 7-10(A) JAN. 14-17(B)
VELOCITY AND ACCELERATION	JAN. 21-24(A) JAN. 28-31(B)
FORCES AND MOTION	FEB. 4-7(A) FEB. 11-14(B)
ENERGY TRANSFORMATION	FEB. 18-21(A) FEB. 25-28(B)
ROTATION	MAR. 4-7(A) MAR. 11-14(B)

Makeups are completed on the last day of the quarter. The last day is March 15, 2019. You must first be eligible to take a makeup. Your TA will have details.

Physics Department Lab Policies

To receive a passing grade, you must complete ALL labs.

One *day* is reserved to allow an opportunity to make up a missed lab. To be eligible to take a make-up lab, you must provide a written verifiable medical, athletic or religious excuse, which you may use for only one experiment per quarter. You must present this excuse to your TA prior to the make-up day.

Careful and neat documentation is an important part of carrying out and reporting lab work and it will affect the scores on lab reports.

Lab schedules are available online at: <http://physics.ucsb.edu/~labsched>

## FAQs

Q: When do labs start?

A: Labs start the first *full* week of the session.

Q: When do I do my first lab?

A: The first lab is on line. You can find the assignment and more information on GauchoSpace. Keep an eye on your email for more details from your TA.

Q: How do I know what lab section I attend?

A: Look at your class schedule. You will find something like T942-1010A for your lab room. This means you are in section “A.” Similarly, if your room is T942-1010B, you are in the “B” section.

Q: I am confused about the first lab. When do I show up?

A: You do not show up to the lab. The first lab is on line.

The third week begins the “normal” two-week cycle with the “A” sections doing the lab in the first week of the two-week cycle, followed by the “B” sections for the second week of the two-week cycle.
