

PHYSICS 6B LAB

BLDG. 942 ROOM 1020 WINTER 2019

LAB MATH	JAN. 7-10(A) JAN. 14-17(B)
PENDULUM	JAN. 21-24(A) JAN. 28-31(B)
WAVES ON A STRING	FEB. 4-7(A) FEB. 11-14(B)
OHM'S LAW	FEB. 18-21(A) FEB. 25-28(B)
MAGNETS	MAR. 4-7(A) MAR. 11-14(B)

Makeups are completed on the last day of the quarter. The last day is March 15, 2019. You must first be eligible to take a makeup. Your TA will have details.

Physics Department Lab Policies

To receive a passing grade, you must complete ALL labs.

One *day* is reserved to allow an opportunity to make up a missed lab. To be eligible to take a make-up lab, you must provide a written verifiable medical, athletic or religious excuse, which you may use for only one experiment per quarter. You must present this excuse to your TA prior to the make-up day.

Careful and neat documentation is an important part of carrying out and reporting lab work and it will affect the scores on lab reports.

Lab schedules are available on line at: <http://physics.ucsb.edu/~labsched>

FAQs

Q: When do labs start?

A: Labs start the first *full* week of the session.

Q: When do I do my first lab?

A: The first lab is on line. You can find the assignment and more information on GauchoSpace. Keep an eye on your email for more details from your TA.

Q: How do I know what lab section I attend?

A: Look at your class schedule. You will find something like T942-1010A for your lab room. This means you are in section "A." Similarly, if your room is T942-1010B, you are in the "B" section.

Q: I am confused about the first lab. When do I show up?

A: You do not show up to the lab. The first lab is on line.

The third week begins the "normal" two-week cycle with the "A" sections doing the lab in the first week of the two-week cycle, followed by the "B" sections for the second week of the two-week cycle.
