

PHYSICS 6B LAB

BLDG. T942 ROOM 1020 WINTER 2022

| | |
|-------------------|-----------------------------------|
| ONLINE MATH LAB | JAN. 3-7(A&B) JAN. 10-14(A&B) |
| PENDULUM | JAN. 17-21(A) JAN. 24-28(B) |
| WAVES ON A STRING | JAN. 31-FEB. 4(A) FEB. 7-11(B) |
| OHM'S LAW | FEB. 14-18(A) FEB. 21-25(B) |
| MAGNETS | FEB. 28-MAR. 4(A) MAR. 7-11(B) |
| MAKE-UP LABS | MAR. 11 |

Physics Department Lab Policies:

To receive a passing grade, you must complete ALL labs.

One *day* is reserved to allow an opportunity to make up missed labs. To be eligible to take a make-up lab, you must provide a written verifiable medical, athletic or religious excuse, which you may use for only one experiment per quarter. You must present this excuse to your TA prior to make-up day.

Careful and neat documentation is an important part of carrying out and reporting lab work, and it will affect the scores on lab reports.

Lab schedules are available on line at: <http://physics.ucsb.edu/~labsched>

FAQs

Q: When do labs start?

A: Labs start the first week of the session.

Q: When do I do my first lab?

A: The first and second labs are on line. You can find the assignments and more information on GauchoSpace. Keep an eye on your e-mail for details from your TA.

Q: How do I know what lab section I attend?

A: Look at your class schedule. You will find something like T942-1010A for your lab room. This means you are in section "A." Similarly, if your room is T942-1010B, you are in the "B" section.

Q: I am confused about the first lab. When do I show up?

A: You do not show up for the first or second lab. The first two labs are on line.

The third week begins the "normal" two-week cycle with the "A" sections doing the lab in the first week of the two-week cycle, followed by the "B" sections for the second week of the two-week cycle.
